ADRC Express

August 2022

The new school year is only a month away. The ADRC we can help young adults with disabilities plan for what happens after graduation. It's important to plan for this transition. Here are some questions to ask:

- What kind of job do I want?
- Where will I live?
- Who will I live with?

The earlier you begin planning for life after high school, the smoother the transition will be. Planning ahead gives you time to learn about and understand the changing roles, responsibilities, and opportunities of being an adult. You'll be better able to make informed decisions about your life.
