DOUGLAS COUNTY TIMBER SALE PROSPECTUS
NOTICE OF SEALED BIDS

March 3, 2015

Forest Stewardship Council™ (certificate #SCS-FM/COC-00083G-S) Sustainable Forestry Initiative® (certificate #NSF-SFIS-1Y943)
The Mark of Responsible Forestry – FSC 100% Promoting Sustainable Forest Management

The Douglas County Forest, Parks and Recreation Committee will receive sealed bids for the purchase of the designated stumpage on the enclosed tracts until 5:30 p.m. Tuesday, March 3, 2015 at the Douglas County Forestry Department, 9182 East Hughes Avenue, P.O. Box 211, Solon Springs, WI 54873. Bids will be opened and read at 6:00 p.m. Tuesday, March 3, 2015 at the Forestry Department Headquarters, 9182 East Hughes Avenue, Solon Springs, WI 54873.

Douglas County will award Contracts to the acceptable highest bidder pending verification and approval of each winning bid. In the event of tie bids, the successful bidder will be determined by the toss of a coin by the acting Chairperson of the Douglas County Forest, Parks, and Recreation Committee. No late bids will be considered. No bid will be considered from bidders who are in non-compliance with any current timber sale Contract with Douglas County, are delinquent in their financial obligations to Douglas County, are involved with a pending timber theft or trespass with the County, or from a bidder whose bidding privileges have been either temporarily or indefinitely revoked by the County.

Douglas County reserves the right to reject any or all bids, to waive technicalities, and to accept bids most advantageous to the County. For further information, bid forms, maps, or a sample Contract; please contact the Douglas County Forestry Department at (715) 378-2219.

NOTICES:

Daily Telegram – February 10, 20, & 24, 2015

I. BIDDING: It is the responsibility of the bidder to inspect; evaluate the stumpage, examine the locations, investigate field conditions, and check Contract requirements for each tract prior to bidding. Bidders should contact the “Prepared By” individual at (715) 378-2219 on the enclosed tracts for detailed information regarding each tract. Submission of bid reflects that the bidder has inspected the tract and clearly understands and agrees to all Contract conditions and requirements herein.

Bids for individual tracts must each be submitted on a standard “Douglas County Forestry Department Bid for Advertised Timber” form, indicating correct tract number, and be presented in a sealed envelope clearly marked “Sealed Timber Bid Tract (include tract number)”. An online version of the bid form reducing the chances for errors is also available at www.douglascountywi.org/forestry. Forms must be completed legibly and correctly in their entirety with all requested information required for bid consideration.

Bids must be submitted separately for each tract by indicating the advertised species, the advertised species product volume, a per product bid price for each species advertised, a total bid value for each species and product advertised, and a total tract bid value for all species and products advertised using the corresponding locations on the bid form.

Considered bids must meet or exceed the minimum total advertised tract value, including the minimum advertised total tract value for each species and product listed.

Bids below the minimum advertised total tract value for each species and product listed, the minimum total advertised tract value; or incomplete, illegible, or incorrect bids will not be considered.

The use of an off-highway-vehicle (ATV or snowmobile) on routes or areas closed to motorized use must be approved by the Douglas County Forestry Department prior to occurrence or the operator is subject to penalty as provided by County Ordinance. If granted, permission will be authorized for pre-bidding inspection purposes only and operators shall operate in a safe, responsible, and environmentally friendly fashion. Contact the Department at (715) 378-2219 for further information.

II. BID GUARANTEE BOND: A bid guarantee for a minimum of 10-percent of the total tract bid value must accompany each bid for an individual tract as a bid guarantee bond, payable to Douglas County Forestry Department.

The bid guarantee bond must be in the form of cash, cashiers check, certified check, money order, bank draft, personal check, or business check unless otherwise specified by the County; must be covered by sufficient funds in the account on which it is drawn once submitted to the County, and remain in effect until the Contract is executed by all parties. The County reserves the
right to investigate sufficient funds coverage on any bid guarantee bond provided. In the event that the bid guarantee bond is not covered by sufficient funds, the bidder will be forbid from being awarded the Contract.

The bid guarantee bond will be held by the County until replaced by the successful bidder’s performance bond. Bid guarantee bonds will be returned to unsuccessful bidders.

Failure by the successful bidder to provide the County with the mandatory executed Contract of sale, performance bond, current certificates of insurance, and current SFI training certificate equivalent to those conditions provided below within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

III. PERFORMANCE BOND: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive a performance bond in the amount of 20-percent of the total purchased tract value. Such a performance bond shall be submitted to the County for approval in the form of cash bond, written performance bond (surety bonds will not be accepted), or irrevocable letter of credit. The County reserves the right to limit the form of acceptable performance bond. The Purchaser must indicate on the bid form what form of performance bond will be provided to the County.

In the event that a cash performance bond is indicated on the bid form, the bid guarantee bond will be deposited immediately and applied towards the performance bond. The balance of the cash performance bond is to be provided by the successful bidder pursuant to those conditions provided above.

In the event that a written performance bond or irrevocable letter of credit is indicated on the bid form, the successful bidder will provide the County a written performance bond (surety bonds will not be accepted) or irrevocable letter of credit issued by a bank or insurance company which is a member of the Federal Reserve System or insured by the Federal Deposit Insurance Corporation pursuant to those conditions provided above. The written performance bond or irrevocable letter of credit shall have an expiration date of no less than 30 calendar days past the sale expiration date.

Failure by the successful bidder to provide the County with the mandatory amount and form of performance bond equivalent to those conditions provided above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

IV. LIABILITY INSURANCE: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive a current certificate of insurance from the insurer(s) of the successful bidder or their agents certifying coverage to the limit of $500,000.00 per occurrence and $1,000,000.00 per aggregate. Such certificate shall name the County as an additional insured and shall be submitted to the County for approval of the insurer(s), the amount, and the form. The County reserves the right to require a certified copy of any such certificate or to investigate and/or examine the policy itself.

Failure by the successful bidder to provide the County with the mandatory certificate of insurance equivalent to those conditions provided above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

V. WORKERS’ COMPENSATION INSURANCE: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive a current certificate of insurance verifying workers’ compensation coverage or proof of exemption from such coverage as provided by law. Such written certificate or verification shall be submitted to the County for approval. The County reserves the right to require a certified copy of any such certificate or written verification or to investigate and/or examine the policy itself.

Failure by the successful bidder to provide the County with the mandatory certificate of insurance for workers’ compensation coverage or exemption from such coverage as indicated above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

VI. SFI TRAINING STANDARD: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall
receive a valid certificate of completion for the current Wisconsin Sustainable Forestry Initiative (SFI) training standards or comparable certification training standards of different States (depending on the successful bidder’s address of its principle place of business) as approved by the Forest Industry Safety & Training Alliance (FISTA) which can be contacted at 1-800-551-2656. Such certificate shall be in the name of the individual responsible for signing the Contract on behalf of the successful bidder, or the president, principle officer, agent, owner, co-owner, or member of the firm of the successful bidder; and shall be submitted to the County for approval. The County reserves the right to require a certified copy of any such certificate or to investigate and/or examine training records itself.

Failure by the successful bidder to provide the County with the mandatory certificate of completion for the current SFI training standards as indicated above within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

VII. CONTRACT EXECUTION: Within 30 calendar days immediately following the auction date or before commencement of any Contract operations, whichever occurs first, the successful bidder shall provide and the County shall receive the original Contract with all required information completed with the original signature of a president, principle officer, agent, owner, co-owner, or member of the firm of the successful bidder.

Failure by the successful bidder to provide the County with the Contract as indicated above or with an incomplete, illegible, or incorrect Contract within 30 calendar days immediately following the auction date will result in forfeiture of the bid guarantee bond in its entirety to the County and forbid the bidder from being awarded the Contract.

VIII. PAYMENT SCHEDULE: Payment of the initial advance stumpage payment or lump sum payment, is required prior to the commencement of any Contract operations other than road and landing construction activities. Removal of any products prior to receipt of the initial advance stumpage payment or lump sum payment by the County will be treated as harvested without the County’s consent or permission and subjects the Purchaser to civil and/or criminal penalties provided under Douglas County Ordinance #7.6.

The second and subsequent increment installment payments will be due to the County at the point the value of all products removed from the sale reaches 75-percent of the credit or deposit. In no event will payments be due more than 15 calendar days from the date of invoice. The County reserves the right to place additional payment requirements on the Purchaser to protect its best interests or those best interests of the public.

The following plan is used by the County to determine the increment schedule required on the enclosed tracts, unless otherwise specified by the County:

<table>

</tbody>
</table>

IX. PRODUCT STANDARDS: Standard advertised products are as follows:
- 4” Roundwood Product - A tree, log or stick with a minimum of one 100-inch stick to a 4-inch top diameter.
- Whole-tree Product - All or any woody material from the sheared butt stump of all 2-inch and greater DBH trees to the tip of the tree, including all logs, sticks and branches originating from any stem associated with the tree.
- Softwood Sawlog Product - A tree, log or stick 9-inches or larger top DIB on the small end of a 100-inch length containing Scribner Decimal “C” net scale greater than or equal to 50% of gross scale for the log.
- Hardwood Sawlog Product - A tree, log or stick 10-inches or larger top DIB on the small end of a 100-inch length containing Scribner Decimal “C” net scale greater than or equal to 50% of gross scale for the log.

X. VOLUME AND WEIGHT STANDARDS: The enclosed volumes/weights of products by tract are estimates. The County provides no warranty or guarantee as to the species, product type, quality, quantity, or condition. The bidder is responsible for making these determinations and bidders should inspect and evaluate the timber contained in the enclosed tracts prior to bidding. Standard advertised volume/weight measures are as follows:
- A standard cord is a volume of stacked wood products including air space occupying 128 cubic feet.
A standard MBF is a volume of wood products totaling 1,000 board feet. MBF volume shall be determined using the Scribner Decimal “C” log rule.

A standard ton is a unit of weight measure equal to 2,000 pounds (907.18 kilograms).

XI. ACCESS: The Purchaser is required to complete all road construction requirements for the enclosed tracts. Location of all road, transportation, and access routes, including associated infrastructure components, for the enclosed tracts are designated by the County and are limited to what is displayed on the maps and in the Contract conditions. The County does not conduct road appraisals. All road and infrastructure construction cost estimates and actual expenses are the responsibility of the Purchaser and bidders should inspect and evaluate these based on Contract requirements and field conditions prior to bidding.

XII. EXTENSIONS: It is expressly understood by the bidder that Contract extensions are not guaranteed and full performance on a Contract is expected prior to the initial expiration date.

XIII. COMMENCEMENT OF OPERATIONS: Operations may not commence on any tract before all Contract execution, insurance, SFI training, financial, and additional required conditions have been successfully met by the Purchaser and approved by the County.

XIV. RECEIPT OF REQUIREMENTS: The bidder and/or successful bidder bears all responsibility for postal or delivery delays outside of the County’s control for all requirements to be received by the County prior to bid consideration and/or Contract execution, including but not limited to; the bid, the bid guarantee bond, the performance bond, liability insurance, workers’ compensation insurance, SFI training standard, the Contract, payments, and all other correspondence, documents, and requirements.

XV. DIRECT SALES: Periodically Douglas County will offer direct stumpage sales. Direct sales are available on a first come, first served basis with the sale offered at or above the total appraised value with no percentage reductions, according to the WDNR Timber Sale Handbook. Please contact the Douglas County Forestry Department at (715) 378-2219 for direct sale availability and/or additional information.

XVI. IRRESPONSIBLE BIDDER: A bidder deemed by the County to be an irresponsible bidder may be refused the opportunity to bid upon or obtain Douglas County timber sales for a pre-determined set time period as determined by the County or indefinitely as deemed in the best interest of the County.

XVII. FOREST CERTIFICATION: The Douglas County Forest, including the areas encompassed by the enclosed tracts, is certified to the standards of the Forest Stewardship Council™ (FSC certificate #SCS-FM/COC-00083G-S) and the Sustainable Forestry Initiative® (SFI certificate #NSF-SFIS-1Y943). Forest products harvested from the Douglas County Forest may be delivered to the destination facility as “FSC™ and/or SFI® certified” as long as the Contractor hauling the forest products is chain-of-custody (COC) certified or covered under a COC certificate from the destination facility. The Purchaser assumes all responsibility for maintaining COC after leaving the area encompassed by any individual tract.

XVIII. EAB QUARANTINE: As of August 2013, all of Douglas County has been placed under a Wisconsin Department of Agriculture, Trade, and Consumer Protection (DATCP) and United States Department of Agriculture (USDA) quarantine for Emerald Ash Borer (EAB). Quarantine compliance, including rules and regulations regarding the transport and utilization of ash products, is the full responsibility of the Purchaser. For additional information on the quarantine, including compliance agreements, please contact DATCP at 608-224-4573 and/or the USDA-APHIS at 608-231-9553.

XIX. TRUCK HAULING INFORMATION: The number of Douglas County townships that have developed or are in the process of developing additional policies in the form of regulations to protect their investments in and limit damage caused by heavy equipment to their local township roads continues to increase. The Douglas County Forestry Department has taken an active role in working with these townships in an attempt to alleviate concerns. The Department believes that their intent is not to restrict harvesting and subsequent hauling of timber, but a response to repetitive and inappropriate use by heavy trucks and equipment. Hauling Contractors need to be aware that public relations are vital to their business and inconsiderate and inappropriate actions reflect poorly on all of us in the forest industry.

All required permits and conditions for use of any public roadways other than those managed by the Douglas County Forestry Department are the responsibility of the Purchaser to obtain, keep current, and comply with. The County bears no responsibility or assures guaranteed use of any public roadway outside of its scope of authority used for the purpose of accessing any of the enclosed tracts and any additional requirements, restrictions, conditions, or terms enacted by any roadway authority are the
responsibility of the Purchaser. The County recommends contacting the appropriate roadway authority prior to bidding on any of the enclosed tracts.

Below are the town chair contact information for each township and one village that contain Douglas County forest and special use land within their boundaries. Contacts for the Douglas County Highway Department and the Forestry Department are also included. Bidders should refer to this information as they prepare bids for the enclosed tracts. This information is up-to-date and current at the time of printing this prospectus only, please contact the town/village, Sale Administrator, or see the "Official E-Directory" link on the Douglas County website www.douglascountywi.org for updates and/or additional information.

In the form of:  
- [ ] Cash  
- [ ] Business/Personal Check  
- [ ] Cashier’s/Certified Check  
- [ ] Money Order

If declared the successful bidder for this tract, I agree to execute a Contract of sale, furnish a satisfactory performance bond amounting to 20-percent of the total tract bid value, provide proof of applicable insurances, and provide a current Wisconsin SFI training certificate within a maximum of 30 calendar days immediately following the auction date or prior to the commencement of any operations.

If declared the successful bidder for this tract, indicate whether you will be providing a cash performance bond, an irrevocable letter of credit, or a written performance bond (surety bonds will not be accepted).

- [ ] Cash Performance Bond  
- [ ] Irrevocable Letter of Credit or Written Performance Bond

Bids will be awarded based on the total tract bid value, providing all individual bids meet or exceed the minimum total advertised tract value, including the minimum advertised total tract value for each species and product listed; in addition to all other requirements being met. Douglas County reserves the right to reject any or all bids, to waive technicalities, and to accept bids most advantageous to the County.

Instructions on how to complete the Bid Form

(1) Enter the individual tract number at the top right of the Form.

(2) Enter the tract’s advertised species, product volumes, and bid amounts in the table as follows:

(a) For Ticket Scale Tracts:

- Column A - List advertised species for the tract in same order as listed on Timber Sale Map.
- Column B - If bidding on advertised 4” Roundwood Cords, list Estimated Volume in 4” Roundwood Cords from the Timber Sale Map per Species.
- Column C - If bidding on advertised 4” Roundwood Cords, enter your Bid Price Per 4” Roundwood Cord per Species.
- Column D - If bidding on advertised Whole-tree Cords, list Estimated Volume in Whole-tree Cords from the Timber Sale Map per Species.
- Column E - If bidding on advertised Whole-tree Cords, enter your Bid Price Per Whole-tree Cord per Species.
- Column F - If bidding on advertised Sawlogs, list Estimated Volume in Sawlog M3F from the Timber Sale Map per Species.
- Column G - If bidding on advertised Sawlogs, enter your Bid Price Per Sawlog M3F per Species.
- Column H - Enter the Total Bid Value by Species & Product by multiplying the advertised bid product volume by the corresponding product bid price.
- Total all species and product amounts in column H and enter the Total Tract Bid Value at the bottom of the column.

(b) For Lump Sum Scale Tracts:

- Write the words “LUMP SUM” once in column A (under Species).
- Enter the single value of your total lump sum bid for the tract under the Total Tract Bid Value at the bottom of column H.

* For lump sum scale tracts, values for individual bid price per product and species and total bid value by species and product DO NOT have to be entered. However, you can enter these figures to assist you in calculating your total lump sum bid for all advertised species and products if desired.

(3) Enter the Bid Guarantee Bond amount (10% of the Total Tract Bid Value) and mark the appropriate form of bond that will accompany your bid for the tract.

(4) Mark the type of Performance Bond that you will provide if declared the successful bidder for the tract.

(5) Mark the type of organization or entity that you are bidding on behalf of.

(6) At the bottom of the Form, print your name, your title, the organization’s name you are bidding on behalf of, your affiliated organization’s or your address, your contact phone number (please include multiple numbers if appropriate), and email address.

(7) Sign and date the Form with an original signature and date. All forms must be signed and dated to be considered.

(8) Enclose the Form along with your Bid Guarantee Bond in a sealed envelope clearly marked “Sealed Timber Bid Tract (include tract number)” and deliver to the Douglas County Forestry Department by the date and time of the deadline. Individual separate envelopes must be used for each tract.

---

*The Bid Form MUST BE completed in its entirety*

Bids below the minimum advertised total tract value for each species and product listed, below the minimum total advertised tract value; or incomplete, illegible, or incorrect bids will not be considered.

Instructions on how to complete the Bid Form

(1) Enter the individual tract number at the top right of the Form.

(2) Enter the tract’s advertised species, product volumes, and bid amounts in the table as follows:
   (a) For Ticket Scale Tracts:
       - Column A - List advertised species for the tract in same order as listed on Timber Sale Map.
       - Column B - If bidding on advertised 4" Roundwood Cords, list Estimated Volume in 4" Roundwood Cords from the Timber Sale Map per Species.
       - Column C - If bidding on advertised 4" Roundwood Cords, enter your Bid Price Per 4" Roundwood Cord per Species.
       - Column D - If bidding on advertised Whole-tree Cords, list Estimated Volume in Whole-tree Cords from the Timber Sale Map per Species.
       - Column E - If bidding on advertised Whole-tree Cords, enter your Bid Price Per Whole-tree Cord per Species.
       - Column F - If bidding on advertised Sawlogs, list Estimated Volume in Sawlog M³F from the Timber Sale Map per Species.
       - Column G - If bidding on advertised Sawlogs, enter your Bid Price Per Sawlog M³F per Species.
       - Column H - Enter the Total Bid Value by Species & Product by multiplying the advertised bid product volume by the corresponding product bid price.
       - Total all species and product amounts in column H and enter the Total Tract Bid Value at the bottom of the column.
   (b) For Lump Sum Scale Tracts:
       - Write the words “LUMP SUM” once in column A (under Species).
       - Enter the single value of your total lump sum bid for the tract under the Total Tract Bid Value at the bottom of column H.
       * For lump sum scale tracts, values for individual bid price per product and species and total bid value by species and product DO NOT have to be entered. However, you can enter these figures to assist you in calculating your total lump sum bid for all advertised species and products if desired.

(3) Enter the Bid Guarantee Bond amount (10% of the Total Tract Bid Value) and mark the appropriate form of bond that will accompany your bid for the tract.

(4) Mark the type of Performance Bond that you will provide if declared the successful bidder for the tract.

(5) Mark the type of organization or entity that you are bidding on behalf of.

(6) At the bottom of the Form, print your name, your title, the organization’s name you are bidding on behalf of, your affiliated organization’s or your address, your contact phone number (please include multiple numbers if appropriate), and email address.

(7) Sign and date the Form with an original signature and date. All forms must be signed and dated to be considered.

(8) Enclose the Form along with your Bid Guarantee Bond in a sealed envelope clearly marked “Sealed Timber Bid Tract (include tract number)” and deliver to the Douglas County Forestry Department by the date and time of the deadline. Individual separate envelopes must be used for each tract.

- The Bid Form MUST BE completed in its entirety -

Bids below the minimum advertised total tract value for each species and product listed, below the minimum total advertised tract value; or incomplete, illegible, or incorrect bids will not be considered.
TO DOUGLAS COUNTY FOREST, PARKS, AND RECREATION COMMITTEE:

Submitted in response to the notice of Timber Stumpage for Sale published in the Daily Telegram or February 10, 20 & 24, 2015 and the Northwoods Shopper on February 20, 2015, I hereby submit the following bid for the advertised timber stumpage to be cut and sold from Douglas County lands described as follows:

-- See reverse side of form for instructions on how to complete --

<table>

Total Tract Bid Value

Enclosed is a Bid Guarantee Bond drawn payable to Douglas County Forestry Department to accompany this bid as required, in the amount of:

<table>
<thead>
<tr>
<th>Bid Guarantee Bond Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>10% of the Total Tract Bid Value</td>
</tr>
</tbody>
</table>

In the form of: 
- [ ] Cash  
- [ ] Business/Personal Check  
- [ ] Cashier's/Certified Check  
- [ ] Money Order

If declared the successful bidder for this tract, I agree to execute a Contract of sale, furnish a satisfactory performance bond amounting to 20-percent of the total tract bid value, provide proof of applicable insurances, and provide a current Wisconsin SFI training certificate within a maximum of 30 calendar days immediately following the auction date or prior to the commencement of any operations.

If declared the successful bidder for this tract, indicate whether you will be providing a cash performance bond, an irrevocable letter of credit, or a written performance bond (surety bonds will not be accepted).

- [ ] Cash Performance Bond  
- [ ] Irrevocable Letter of Credit or Written Performance Bond

Bids will be awarded based on the total tract bid value, providing all individual bids meet or exceed the minimum total advertised tract value, including the minimum advertised total tract value for each species and product listed; in addition to all other requirements being met. Douglas County reserves the right to reject any or all bids, to waive technicalities, and to accept bids most advantageous to the County.

Indicate whether this bid is being submitted on behalf of a:  
- [ ] Corporation  
- [ ] Partnership  
- [ ] Sole Proprietorship (individual)

Instructions on how to complete the Bid Form

(1) Enter the individual tract number at the top right of the Form.

(2) Enter the tract’s advertised species, product volumes, and bid amounts in the table as follows:

(a) For Ticket Scale Tracts:
   - Column A: List advertised species for the tract in same order as listed on Timber Sale Map.
   - Column B: If bidding on advertised 4” Roundwood Cords, list Estimated Volume in 4” Roundwood Cords from the Timber Sale Map per Species.
   - Column C: If bidding on advertised 4” Roundwood Cords, enter your Bid Price Per 4” Roundwood Cord per Species.
   - Column D: If bidding on advertised Whole-tree Cords, list Estimated Volume in Whole-tree Cords from the Timber Sale Map per Species.
   - Column E: If bidding on advertised Whole-tree Cords, enter your Bid Price Per Whole-tree Cord per Species.
   - Column F: If bidding on advertised Sawlogs, list Estimated Volume in Sawlog MBF from the Timber Sale Map per Species.
   - Column G: If bidding on advertised Sawlogs, enter your Bid Price Per Sawlog MBF per Species.
   - Column H: Enter the Total Bid Value by Species & Product by multiplying the advertised bid product volume by the corresponding product bid price.
   - Total all species and product amounts in column H and enter the Total Tract Bid Value at the bottom of the column.

(b) For Lump Sum Scale Tracts:
   - Write the words “LUMP SUM” once in column A (under Species).
   - Enter the single value of your total lump sum bid for the tract under the Total Tract Bid Value at the bottom of column H.
   * For lump sum scale tracts, values for individual bid price per product and species and total bid value by species and product DO NOT have to be entered. However, you can enter these figures to assist you in calculating your total lump sum bid for all advertised species and products if desired.

(3) Enter the Bid Guarantee Bond amount (10% of the Total Tract Bid Value) and mark the appropriate form of bond that will accompany your bid for the tract.

(4) Mark the type of Performance Bond that you will provide if declared the successful bidder for the tract.

(5) Mark the type of organization or entity that you are bidding on behalf of.

(6) At the bottom of the Form, print your name, your title, the organization’s name you are bidding on behalf of, your affiliated organization’s or your address, your contact phone number (please include multiple numbers if appropriate), and email address.

(7) Sign and date the Form with an original signature and date. All forms must be signed and dated to be considered.

(8) Enclose the Form along with your Bid Guarantee Bond in a sealed envelope clearly marked “Sealed Timber Bid Tract (include tract number)” and deliver to the Douglas County Forestry Department by the date and time of the deadline. Individual separate envelopes must be used for each tract.

---

The Bid Form MUST BE completed in its entirety.

Bids below the minimum advertised total tract value for each species and product listed, below the minimum total advertised tract value; or incomplete, illegible, or incorrect bids will not be considered.

The Red Pine volume contains approximately 99% Red Pine and 1% Misc. The Red Pine cord volume contains a large percentage of sawlog material and pole quality products.
TRACT 39-14 (AFTERHOURS PINE) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   ➢ 3rd entry improvement thinning harvest prescription with an estimated average residual basal area of 110 ft² (25 acres).
   ➢ 4th entry improvement thinning harvest prescription with an estimated average residual basal area of 117 ft² (8 acres).

B. SEASONAL RESTRICTIONS -
   ➢ All harvesting operations are not restricted by season or time of the year.

C. TREES DESIGNATED FOR CUTTING -
   ➢ Fell all marked stems. Skid and haul all felled stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -
   ➢ Reserve and leave undamaged all non-marked stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ Sheared stems shall be limbed and topped at the stump prior to product skidding or forwarding.
   ➢ Access road system may be utilized for product decking.
   ➢ One landing location is permitted as designated. Other decking areas can be discussed during the pre-operations meeting.

F. ACCESS AND ROADS -
   ➢ No new access roads shall be constructed.
   ➢ The total length of the existing access road system is approximately 950 feet. Portions may require minimal "Class 3" reconstruction before use.

TRACT 43-14 (BELLWOOD POPLLE) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   ➢ Clear-cut with reserves harvest prescription with an estimated average residual basal area of 2ft².

B. SEASONAL RESTRICTIONS -
   ➢ No harvesting operations shall be permitted from April 1st to July 1st.
   ➢ All road construction operations shall be limited to non-frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -
   ➢ Fell all aspen, red maple, white birch and jack pine stems; all marked white pine stems; and all balsam fir, black spruce, and tamarack stems that contain at a minimum, one 4” Roundwood Product. Skid and haul all felled stems that meet the product and utilization standards as per bid.

D. TREES DESIGNATED FOR LEAVING -
   ➢ Reserve and leave undamaged all red pine and red oak stems; all non-marked white pine stems; and all balsam fir, black spruce, and tamarack stems that contain at a minimum, one 4” Roundwood Product.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ “Slashing Maintenance” is required for all hardwood stems, excluding red oak.
   ➢ Up to four landing locations shall be identified during the pre-operations meeting.
   ➢ Access road system may be utilized for product decking.

F. ACCESS AND ROADS -
   ➢ The total length of the access road system is approximately 4,230 feet. Approximately 3,330 feet of existing access road and 400 feet of new access road.
   ➢ Portions of the existing access road may require minimal “Class 3” reconstruction before use.
   ➢ The entire 400 feet of new access road will require “Class 3” new construction.

TOTALS: 4,155 5,525 XXX $56,355.00
TRACT 60-14 (COLOSSUS) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   ➢ Harvest unit 1 has an overstory removal harvest prescription with an estimated average residual basal area of 4ft².
   ➢ Harvest unit 2 has a shelterwood harvest prescription with an estimated average residual basal area of 37ft².
   ➢ Harvest unit 3 has a clearcut harvest prescription with an estimated average residual basal area of 6ft².

B. SEASONAL RESTRICTIONS -
   ➢ In harvest unit 1, all harvesting operations are permitted from October 1st to March 15th.
   ➢ In harvest unit 2, all harvesting operations are not restricted by season or time of the year on an estimated 25% of the harvest area (uplands) and shall be limited to frozen ground conditions or unusually dry conditions only; on an estimated 75% of the harvest area (lowlands).
   ➢ In harvest unit 3, all harvesting operations are not restricted by season or time of the year on an estimated 35% of the harvest area (uplands) and shall be limited to frozen ground conditions or unusually dry conditions only; on an estimated 65% of the harvest area (lowlands).

C. TREES DESIGNATED FOR CUTTING -
   ➢ In harvest unit 1, fell, skid, and haul all red maple, red oak, sugar maple, aspen, white birch, basswood, black ash, white ash, and ironwood stems that meet the product and utilization standards as per product bid.
   ➢ In harvest unit 2, fell, skid, and haul all non-marked red maple, sugar maple, red oak, yellow birch, aspen, white birch, basswood, black ash, white ash, and ironwood stems that meet the product and utilization standards as per product bid.
   ➢ In harvest unit 3, fell, skid, and haul all non-marked red maple, red oak, sugar maple, aspen, white birch, basswood, black ash, white ash, and ironwood stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -
   ➢ In harvest unit 1, reserve and leave undamaged all yellow birch and white pine stems.
   ➢ In harvest unit 2, reserve and leave undamaged all white pine, black spruce, tamarack, and marked stems.
   ➢ In harvest unit 3, reserve and leave undamaged all white pine, yellow birch, elm, and marked stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ In harvest unit 1, all harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding. Use of any feller-buncher felling equipment (hot saw type or similar) is prohibited. Felling operations shall be limited to processor cut-to-length or similar equipment.
   ➢ In harvest unit 1, the sale administrator will layout a skid trail plan at the time of the pre-operations meeting. All equipment operation and skidding shall be limited to these trails and minimized on all other areas.
   ➢ In harvest unit 1, operations shall minimize to the greatest extent possible any damage to advanced regeneration.
   ➢ In harvest unit 1, no "Whole-tree Product" utilization.
   ➢ "Slashing Maintenance" is required for harvest units 2 and 3.
   ➢ Landing locations shall be identified during the pre-operations meeting.
   ➢ Access road system shall be utilized for product decking.

F. ACCESS AND ROADS -
   ➢ The access road is gated.
   ➢ The total length of the access road system is approximately 15,300 feet. Approximately 13,000 feet of existing access road and 2,300 feet of new access road.
   ➢ The entire 2,300 feet of new access road will require "Class 3" new construction.
   ➢ Portions of both the existing and new access roads may require freeze down before use.
   ➢ West Crotte Brook Road is a County Forest Road and summer ATV route.

G. OTHER -
   ➢ In harvest unit 1, scattered blowdown exists. Utilization of this downed material is encouraged but not required.

D. TREES DESIGNATED FOR LEAVING -
   ➢ Reserve and leave undamaged all white pine, red pine, and white oak stems; and all scrub oak stems that do not contain at a minimum, one 4” Roundwood Product.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
   ➢ Operations shall minimize to the greatest extent possible any damage to advanced regeneration.
   ➢ One landing location shall be identified during the pre-operations meeting.

F. ACCESS AND ROADS -
   ➢ Access across land under other ownership has been secured by the County.
   ➢ No new access roads shall be constructed.
   ➢ The total length of the existing access road system on other ownership is approximately 700 feet.
   ➢ One skid trail shall be constructed. The sale administrator will describe the skid trail plan at the time of the pre-operations meeting.

G. OTHER -
   ➢ 1-year term of contract.
   ➢ The County will complete pre-harvest scarification for specific portions of the sale area. Please see contract requirements.

---
TRACT 57-14 (LIKE NOW) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   ➢ Clear-cut with reserves harvest prescription with an estimated average residual basal area of 12ft².

B. SEASONAL RESTRICTIONS -
   ➢ All harvesting operations shall be limited to frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -
   ➢ Fell, skid, and haul all red maple, sugar maple, aspen, white birch, and balsam fir stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -
   ➢ Reserve and leave undamaged all yellow birch, white spruce, black spruce, white pine, red oak, and cedar stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ “Slashing Maintenance” is required.
   ➢ Up to three landing locations shall be identified during the pre-operations meeting.

F. ACCESS AND ROADS -
   ➢ The total length of the access road system is approximately 2,000 feet.
   ➢ The entire 2,000 feet will require “Class 3” new construction.
   ➢ Portions may require freeze down before use.
   ➢ An “Earth Berm” shall be installed at a location designated by the Sale Administrator.
   ➢ Hunters Trail is a County Forest Road, winter snowmobile trail, and summer ATV route.
   ➢ Erickson Creek Road is a County Forest Road.

G. OTHER -
   ➢ The access road and landing locations are not marked in the field. The Sale Administrator will locate, identify, and paint/flag these in during the pre-operations meeting.

The Mixed HW volume contains approximately 34% Sugar Maple, 26% Aspen, 15% Red Maple, 13% White Birch, 4% Yellow Birch, 3% Balsam Fir, 2% Basswood, 2% Red Oak and 1% Misc.
TRACT 58-14 (ONE NIGHT ATTACK) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   - Harvest unit 1 has a clear-cut harvest prescription with an estimated average residual basal area of 10 ft².
   - Harvest unit 2 has a good trod harvest prescription with an estimated average residual basal area of 21 ft².

B. SEASONAL RESTRICTIONS -
   - All harvesting operations shall be limited to frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -
   - In harvest unit 1, fell, skid, and haul all red maple, sugar maple, aspen, white birch, and balsam fir stems that meet the product and utilization standards as per product bid.
   - In harvest unit 2, fell, skid, and haul all non-marked red maple, red oak, sugar maple, aspen, white birch, and balsam fir stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -
   - In harvest unit 1, reserve and leave undamaged all white spruce, black spruce, white pine, red oak, and cedar stems.
   - In harvest unit 2, reserve and leave undamaged all white spruce, black spruce, white pine, cedar, and green marked stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   - "Slashing Maintenance" is required.
   - Up to two landing locations shall be identified during the pre-operations meeting.

F. ACCESS AND ROADS -
   - The total length of the access road system is approximately 2,500 feet.
   - The entire 2,500 feet will require "Class 3" new construction.
   - Portions will require freeze down before use.
   - One "Freeze Down Crossing" shall be constructed as designated.
   - An "Earth Berm" shall be installed at a location designated by the Sale Administrator.
   - Hunters Trail is a County Forest Road, winter snowmobile trail, and summer ATV route.

G. OTHER -
   - The access road and landing locations are not marked in the field. The Sale Administrator will locate, identify, and paint/flag these in during the pre-operations meeting.

TRACT 40-14 (BALLFIELD POPPLE) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   ➢ Clear-cut with reserves harvest prescription with an estimated average residual basal area of 11ft².

B. SEASONAL RESTRICTIONS -
   ➢ No harvesting operations shall be permitted from April 1st to July 1st. An 18-acre lowland portion of the harvest area will only be accessible during frozen ground conditions.
   ➢ All road construction operations shall be limited to non-frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -
   ➢ Fell all aspen, red maple, sugar maple, white birch, and black ash stems; and all balsam fir, white spruce, and black spruce stems that contain at a minimum, one 4" Roundwood Product. Skid and haul all felled stems that meet the product and utilization standards as per bid.

D. TREES DESIGNATED FOR LEAVING -
   ➢ Reserve and leave undamaged all red oak stems and all balsam fir, white spruce, and black spruce stems that do not contain at a minimum, one 4" Roundwood Product.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
   ➢ “Slashing Maintenance” is required for all hardwood stems, excluding red oak.
   ➢ Up to five landing locations shall be identified during the pre-operations meeting.
   ➢ Access road system may be utilized for product decking.

F. ACCESS AND ROADS -
   ➢ The total length of the access road system is approximately 2,270 feet. Approximately 1,600 feet of existing access road and 670 feet of new access road.
   ➢ Portions of the existing access road may require minimal “Class 3” reconstruction before use.
   ➢ The entire 670 feet of new access road will require “Class 3” new construction.
   ➢ An “Earth Berm” shall be installed at a location designated by the Sale Administrator.

G. OTHER -
   ➢ A transmission line running parallel with Blueberry Road is located adjacent to a portion of the harvest area. Use extra care and caution when working in this area.

TRACT 41-14 (ROADSIDE RED PINE) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   • Harvest unit 1 has a 2nd entry improvement thinning harvest prescription with an estimated average residual basal area of 107 ft².
   • Harvest unit 2 has a clear-cut with reserves harvest prescription with an estimated average residual basal area of 214 ft².

B. SEASONAL RESTRICTIONS -
   • In harvest unit 1, all harvesting operations are not restricted by season or time of the year.
   • In harvest unit 2, all harvesting operations are not restricted by season or time of the year. Lowland potions may not be operable during non-frozen ground conditions.
   • All road construction operations shall be limited to non-frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -
   • Fell all aspen, white birch, red maple, sugar maple, red oak, and miscellaneous hardwood species stems; all marked red pine stems; and all balsam fir, black spruce, and tamarack stems that contain at a minimum, one 4" Roundwood Product. Skid and haul all felled stems that meet the product and utilization standards as per bid.

D. TREES DESIGNATED FOR LEAVING -
   • In both harvest units, reserve and leave undamaged all white pine, white spruce, and white cedar stems; all non-marked red pine stems; and all all balsam fir, black spruce, and tamarack stems that do not contain at a minimum, one 4" Roundwood Product.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   • All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
   • “Slashing Maintenance” is required for all hardwood stems in harvest unit 2.
   • Up to six roadside landing locations are permitted as designated.
   • One landing will require a temporary mat ditch crossing. Mat shall be removed and ditches re-shaped upon sale completion.
     Contact the Sale Administrator for further information.
   • An “Earth Berm” is located on a designated landing area and shall be reinstalled at the same designated location upon sale completion.

F. ACCESS AND ROADS -
   • No new access roads shall be constructed.
   • Pikes Peak Road is a County Forest Road, winter snowmobile trail, and summer ATV route.

G. OTHER -
   • A large transmission line and pipeline right-of-way is located adjacent to several of the harvest units. This right-of-way is designated as an equipment restriction zone. Contact the Sale Administrator for further information.
   • The property line in the northeastern harvest unit is currently marked with red paint and upon completion of a certified survey, will be replaced with blue paint.

   ➢ In harvest unit 2, reserve and leave undamaged all white pine, white spruce, balsam fir, and red oak stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ All harvesting operations shall be limited to short-wood/cut-to-length processing and forwarding operations only. Sheared stems shall be limbed, topped, and processed at the stump prior to product forwarding.
   ➢ Use of any feller-buncher felling equipment (hot saw type or similar) is prohibited. Felling operations shall be limited to processor cut-to-length or similar equipment.
   ➢ In harvest unit 1, operations shall minimize to the greatest extent possible any damage to advanced regeneration.
   ➢ In harvest unit 1, the sale administrator will layout a skid trail plan at the time of the pre-operations meeting. All equipment operation and skidding shall be limited to these trails and minimized on all other areas.
   ➢ “Slashing Maintenance” is required for harvest unit 2.
   ➢ Up to three landing locations are permitted as designated.

F. ACCESS AND ROADS -
   ➢ No new access roads shall be constructed.
   ➢ All vehicular and equipment access (in and out) shall be provided by and limited to the existing access road approximately 1 mile west of the intersection of Tom Green Road and Gregerson Road. Utilization of the snowmobile trail located east of the harvest area for access is prohibited.
   ➢ The total length of the access road system is approximately 4,900 feet.
   ➢ Portions may require “Class 3” reconstruction before use.
   ➢ A portion of the access road system utilizes a winter snowmobile trail.

G. OTHER -
   ➢ 1-year term of contract.
   ➢ The Mixed HW cord volume contains approximately 35% sawlog size material.

The Red Oak cordwood volume contains approximately 46% Red Oak, 22% Ash, 11% Red Maple, 11% Sugar maple, 5% Basswood, 4% White Birch, and 1% Misc. The Red Oak sawlog volume contains approximately 67% Red Oak, 10% Sugar Maple, 9% Basswood, 4% Ash, 4% Red Maple, 4% White Birch, and 2% Misc.
TRACT 51-14 (OAK OVER OAK) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   ➢ Overstory removal harvest prescription with an estimated average residual basal area of 2ft².

B. SEASONAL RESTRICTIONS -
   ➢ All harvesting operations shall be limited to frozen ground conditions only.

C. TREES DESIGNATED FOR CUTTING -
   ➢ Fell, skid, and haul all white birch, aspen, red oak, ironwood, red maple, sugar maple, basswood, ash, and yellow birch stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -
   ➢ Reserve and leave undamaged all red pine, white pine, and balsam fir stems; and all advanced sub-merchantable red oak regeneration.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ Sheared stems shall be limbed and topped at the stump prior to product skidding or forwarding.
   ➢ Use of any feller-buncher felling equipment (hot saw type or similar) is prohibited. Felling operations shall be limited to processor cut-to-length equipment.
   ➢ The sale administrator will layout a skid trail plan at the time of the pre-operations meeting. All equipment operation and skidding shall be limited to these trails and minimized on all other areas.
   ➢ Operations shall minimize to the greatest extent possible any damage to advanced regeneration.
   ➢ One landing location shall be identified during the pre-operations meeting.

F. ACCESS AND ROADS -
   ➢ No new access roads shall be constructed.
   ➢ Portions may require minimal reconstruction before use.
   ➢ Portions may require freeze down before use.
   ➢ The access road is gated.

G. OTHER -
   ➢ 1-year term of contract.
   ➢ Note skidding distances.
   ➢ Sawlog products shall be sorted and decked as required. See terms of the contract.
The Red Pine cord volume contains a large percentage of sawlog material and pole quality products, 11 inch average stem diameter.
TRACT 52-14 (SPIKE LOOP RED PINE) – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Douglas County Timber Sale Contract:

A. PRESCRIPTION -
   ➢ 3rd entry improvement thinning harvest prescription with an estimated average residual basal area of 120ft².

B. SEASONAL RESTRICTIONS -
   ➢ All harvesting operations are not restricted by season or time of the year.

C. TREES DESIGNATED FOR CUTTING -
   ➢ Fell all orange marked stems. Skid and haul all felled stems that meet the product and utilization standards as per product bid.

D. TREES DESIGNATED FOR LEAVING -
   ➢ Reserve and leave undamaged all non-marked stems.

E. HARVEST AND OPERATIONAL REQUIREMENTS -
   ➢ Existing access roads shall be utilized for product decking.

F. ACCESS AND ROADS -
   ➢ The total length of the existing access road system is approximately 6,800 feet.
   ➢ Spike Loop is a County Forest Road and summer ATV route.

G. OTHER -
   ➢ Note skidding distances.
   ➢ Lump sum scale method based off the entire sale value with a 20-percent payment schedule for 5 total payments. First payment required as the initial advance payment.
   ➢ Payment schedule shall be based off harvested acreage observation. Subsequent payment shall be called for and received in advance of harvesting the respective sale acreage percentage as determined by the Sale Administrator.
